

## **Keep Berkshire Farming**

New Marlborough residents are invited to complete a survey about local food that will provide valuable information about where residents shop for food, and the local demand for farm products produced in Berkshire County. The survey is part of a larger effort called Keep Berkshires Farming aimed at strengthening Agriculture and the regional food system in Berkshire County. Results are confidential and will be used to help support area farms by identifying ways for farmers to connect with local markets.

To complete the survey online, please go to  
[https://www.surveymonkey.com/s/KBF\\_SC](https://www.surveymonkey.com/s/KBF_SC)

Paper copies are available at the Mill River General Store. For more information about Keep Berkshires Farming, please contact Melissa Adams at 413-268-8269 or [mladams@glynwood.org](mailto:mladams@glynwood.org). Keep Berkshires Farming is a partnership lead by the Berkshire Regional Planning Commission, under its Sustainable Berkshires initiative.
